DETAILED ACTION

Election/Restrictions

1. This application contains claims directed to the following patentably distinct species:

- Species A: Figures 1-5
- Species B: Figures 6-9
- Species C: Figures 10-13
- Species D: Figures 14-18
- Species E: Figures 19-23
- Species F: Figures 24-29

The species are independent or distinct because:

- Species A: a blade with a bore and 1 perimeter portion
- Species B: a blade with a bore and at least 2 perimeter portions
- Species C: a blade with a bore, at least 2 perimeter portions, and cutouts
- Species D: a blade with a scalloped cutting edge
- Species E: a blade with a scalloped cutting edge and skin guides
- Species F: a blade with skin guides and a corrugation

Applicant is required under 35 U.S.C. 121 to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted if no generic claim is finally held to be allowable. Currently, some claims may be generic.

Applicant is advised that a reply to this requirement must include an identification of the species that is elected consonant with this requirement, and a listing of all claims

readable thereon, including any claims subsequently added. An argument that a claim is allowable or that all claims are generic is considered nonresponsive unless accompanied by an election.

Upon the allowance of a generic claim, applicant will be entitled to consideration of claims to additional species which depend from or otherwise require all the limitations of an allowable generic claim as provided by 37 CFR 1.141. If claims are added after the election, applicant must indicate which are readable upon the elected species.

MPEP § 809.02(a).
